SUBJECT: Contribution of books

Dear Miss Margrave:

We wish to thank you for the large collection of books which we received from you a short time ago. The gift is very much appreciated as we are anxious to establish a complete library service for our 10,000 residents. So far, we have been fortunate enough to secure some 1500 books from our friends throughout the state. We have promises of more, and are looking forward to having quite a complete library soon. As our population includes all lines of endeavor, we shall appreciate contributions of any kind of reading material.

Thank you again.

Sincerely,

*Laurie M. Hicks*
